

*Bakersfield*  
**River Run**  
  
**RV Park**

3/20/2020

**To those currently staying in the park:**

As most of you have already heard Gov. Newsom has issued Executive Order N-33-20 ordering all in California to stay home except as needed for essential services. These events have been changing rapidly and we are taking drastic steps to protect both the park employees and all who are staying in our park. Please do your best to follow the guidelines of the Stay at Home order and maintain Social distancing while you are out. We will continue to monitor and adjust our procedures so please understand and be flexible with these changes.

**Store:** The store will continue to remain open to provide access to any supplies that you need. We are working hard to maintain adequate stock for all essential needs. While we cannot guarantee that we will have our usual products we will do our best to at least have substitute products when possible. For anyone that is not comfortable coming into the store we are happy to deliver to your site.

**Propane:** We realize that propane is essential for both cooking and heating in your RV's. We are expecting to still have propane available as needed. If you have removable tanks please set them at the front of your site and call the office between 9:00AM-3:30PM and we will get them filled and returned to your site. If you are in a motorhome and don't have removable tanks please call the office and let us know when you are headed to the office so that we can get your propane tank filled.

**Laundry Rooms:** Laundromats have been deemed as an essential service and it is our intent to keep them open and safe for your use. We will be cleaning and sanitizing them regularly.

**Showers/Restrooms:** Showers/Restrooms will be sanitized between each use. If you need to use the shower facilities, please call or text the office and we will arrange for you to use them. At this time, we plan on making them available from 8:00AM-4:00PM. While we will do our best to accommodate please be understanding as they may be unavailable at certain times. Please limit your time in the showers to 30 minutes or less so that they will be available to others. We will be asking that everyone in your site use the showers at the same time so that we can make them available for as many guests as possible.

**Recreation Room and Pool:** Both have been closed to all guest use. We expect both to remain closed throughout the entire time the stay at home order is active.

If you have any questions or concerns, please call or text 661-377-3600.
